

Front Range BOCES presents

The Teacher Leadership Certificate

Curriculum & Assessment

A Professional Development Module

Available for credit

Teacher leaders have expertise about what constitutes a quality curriculum and how best to guide others to develop lessons with assessments that reflect essential standards. This course will assist you in refining your own curriculum, assessments and rubrics as well as provide critical questions for evaluating practices in these areas.

You will gain the KNOWLEDGE to...

- Compare and contrast standards-based curriculum and classroom practices to non-standards-based systems
- Analyze curriculum documents to determine quality according to current research about how people learn
- Contrast assessment of learning and assessment for learning and analyze your school/district's current practices in this area
- Describe the range of assessment options and purposes at the classroom, grade, and school levels
- Identify multiple forms/characteristics of rubrics and their different purposes

-
- **You will gain the SKILLS to...**
- Select essential learning targets from a comprehensive curriculum
- Align essential learning targets to specific assessment methods

Join us for the next session of this module.
