

Front Range BOCES presents

The Teacher Leadership Certificate

Essential Knowledge

Data Dialogue Facilitator

A Professional Development Module
Available for credit

Does your team need to facilitate collaborative, data-driven inquiry processes with learning teams?

Knowledge

- Describe the key characteristics of collaborative inquiry
- Identify different types of data that can be used to inquire about learning, the questions that can be answered by each type and how to access them within the context of your school or district
- Recognize the importance of facilitation skills in achieving desired outcomes and differentiate between helpful and non-helpful facilitation

Skills

- Facilitate a collaborative, data-driven inquiry process with a learning team
- Facilitate groups through dialogue that is focused by data using several key strategies

Developer/Facilitator:

Julie O'Brian is the Director of Colorado Teaching Learning and Technology (CTLT) at the University of Colorado at Denver. She also directs The Colorado Consortium for Data-Driven Decisions (C2D3) a state-wide initiative focused on information-based educational practice. Before coming to CTLT, Julie was a state coordinator for the Education Commission of the States and a policy advisor to
